NEW HUNGARIAN FACTORY PRODUCES AUTOMOBILE PARTS

In January 1953, production began at the Autoalkatreszgyar (Automobile Parts Factory), which was recently completed in Cinkota. The factory is part of the Auto es Alkatreszellato Troszt (Automobile and Parts Supply Trust). It orders semifinished products from 67 shops which are under the supervision of the Autojavitoipari Kozpont (Automobile Repair Industrial Center).

The Autoalkatreszgyar has already received orders amounting to 58 million forints, and hopes to fill Hungary's demand for parts in the near future.

The director of the new factory is Garaba (fnu); the chief engineer is Windegg (fnu).
